Billing Cycle Transition

We are transitioning to a new billing system that will adjust the billing cycle of your monthly invoices. Currently, the city bills two months behind—the June bill is for water used primarily in April (April 5 - May 5.) When this transition is complete, your June 2026 bill will be for water primarily used in May (April 24—May 24.)

New Billing Cycle:

Effective November 11, 2025, your monthly invoices will be issued one month behind the actual service period. This means that your invoice for services rendered September 24—October 24 will now be issued in November.

Reason for the Change:

This change is being implemented to streamline our billing processes and improve the accuracy of our records. We believe this adjustment will provide a more efficient experience for all our customers and help customers identify leaks and other issues in a more timely manner.

Transition Period:

In order to ease the impact to our customers, we are going to transition the billing over a 4-month period as shown on the chart to the right.

We hope these changes will help you better understand your billing. If you have any questions, please contact the City Clerk's Department at (316) 529-5900.

BILL DATE	BILLING CYCLE	
	FROM	TO
7/1/2025	5-May	10-Jun
8/1/2025	10-Jun	15-Jul
9/1/2025	15-Jul	20-Aug
10/1/2025	20-Aug	24-Sep

CARE OF WATER METERS

It's that time of year again where soon your grass will be growing, which means there will be mowing.

Please be extremely careful when mowing around your water meter. City Code states that customers are responsible for any accidental or willful damage to water meters, their connections, meter box, cover and any other associated equipment. In the event of accidental or willful damage, the customer shall promptly notify the water department which shall make the necessary repairs and charge the customer, and that charge shall be invoiced and payable with the succeeding monthly bill.

It also states, no trees, bushes, shrubs, fences, structures or other obstructions shall be located within two feet of the meter box in order to keep the meter box accessible and able to transmit readings.

Garage Sale Season is Here!

A Garage Sale Permit is **REQUIRED** by city code. Permits are \$3/day and can be purchased at City Hall. Each residence is limited to 2 garage sales per year, excluding the city-wide garage sale weekend.

Garage sale signs are allowed on the property where the sale is taking place, may not exceed 3 square feet, may be displayed for the duration of your permit, and directional signs are permitted but cannot be placed in public right-of-way. A good rule of thumb is to place signs at least 15 feet from the edge of the curb. No signs may be attached to trees, utility poles, street lights, or stop signs.

Contact the Haysville Community Library for information on the City Wide Garage Sale to be held on August 8—10th.

HAYSVILLE ANNUAL CITY WIDE CLEANUP

**SATURDAY JUNE 7, 2025
8 AM - 12 PM**

The City Wide Cleanup is **FREE** and exclusively for those who live within the Haysville City limits. (Not to be confused with those who have a Haysville Mailing address and lives outside the City limits.)

Public Works staff will be present to help unload vehicles/trailers. Items will be disposed at different locations so residents are urged to separate the items to make the process quicker for everyone.

Residents must show proof of residency; only acceptable forms include driver's license and water bill.

NO CONTRACTOR OR COMMERCIAL USERS.
