## Question 29

Respondents	Responses
1	Quiet small town living
2	Small town feel, friendly community, kid friendly, safe and protected feeling, churches
3	That it is a quiet bedroom community
4	I like the smaller community and citywide events
5	Being away from Wichita. Crime used to be minimal.
6	Small town; great school system; do not want town to be much larger, but need a few more businesses like a family sit-down restaurant.
7	The people
8	Small town feel. West of railroad tracks. East of Seneca needs a major makeover.
9	Safe and Quiet
10	Safety
11	Everything I need is close by like a grocery store post office dollar store and etcetera. I also love the small-town atmosphere and the friendliness of the people who live here. I love that it's mainly a single-family dwelling town even though I do believe we need better housing options that are less expensive so that a family with one working parent can afford to live here. And above all I love our school district and that we have our own busing. It is definitely a Hidden Gem in South Wichita
12	Small town feel, mostly friendly people, really enjoyed the efforts the city has made to make Haysville a better place to live.
13	I like our walking/biking trails. They're superior than other communities' trails in the area.
14	Schools
15	I like the small town vibe and how most people are really friendly it makes me feel right at home!

I just thinks it's a wonderful place to live. I am disappointed in how the Dollar General looks inside. I feel like it's a hazard going in there. ### Question 30

#### What do you like least about Haysville?

Respondents	Responses
1	It could be cleaned up- yards, housing appearances. I am somewhat embarrassed of our little Ville. And yes, I am involved in the community. We have codes. We need to enforce them. Do something to make landlords keep their properties up. Raise our standards!!! More welcoming appearance coming over the bridges into town - Meridian, Seneca and Broadway. Especially Seneca and Broadway!!! Pride Park was a good start, but the entries into town need sprucing up.
2	The empty businesses along grand and main.
3	Easement behind our home needs to be cleaned up on a regular basis. We are the only residents that take care of our section. We live at 1225 West 4th.
4	The distance from a lot of Wichita.
5	Having to go out of town to shop.
6	No public heated swimming pool--have to go to Derby in the winter and it is a wonderful rec center with an outstanding swimming pool.
7	Low income housing. Should not be the look Haysville is going for.
8	Shopping and restaurants
9	Lack of business and services
10	Although I do not have teenagers living in my home I can see that teenagers are bored here in town. There are not enough adults please use the recreation time to interact with them and they're not being Incorporated culturally into the adult system at Large.
11	Still some really negative people but you are going to have them anywhere!
12	Close-minded and unfriendly people
13	HURRY UP AND GET MAIN STREET FIXED  People's dogs bark all day and night  People with trash all over their yards
14	They don't put gravel out on our road and it turns into a mud pit, I almost got stuck just trying to leave for work! I live on Katherine street.
15	Meth, its been a problem in haysville since I was a kid amd it hasn't gotten any better.
16	No shopping (grocery or other)
17	No where to shop unless you drive to derby or go down south Broadway.
18	Theft that's been occurring and disrespectful middle school kids after school lets out. To many empty buildings.
19	Fireworks a week prior to July 4th and for days afterwards.

21	The streets
22	The thefts going on
23	the extra property and sales tax
24	Taxes
25	The dirt and trash along the streets in the residential areas, specially south of Grand. The lights along the bike/walking paths along Grand and Meridian are to bright for drivers at night.
26	Not a lot to offer. Old buildings look ragged need city to clean up
27	not enough options on shopping
28	The high crime areas and visible areas that are in need of clean up. Junk piled around houses. Businesses along Grand with wooden trusses piled up. Shuttered buildings in disrepair.
29	The hidden drug problem and the police always sitting on Broadway at night for DUI makes me nervous and I don't even drink
30	Haysville Happenings FB page(both of them)
31	The small town, bullying system, and gossip.
32	Lack of restaurants is the main complaint.
33	Too small to sustain more businesses, too much griping online about nonsense
34	Lack of family entertainment
35	Roads
36	Water
37	I liked the schools the least. The Alternative School has is going on. They treat students with dignity and give them hope. When my kids were I. School such a large number of suicide and drugs, and teachers who would just give up on students instead of encourage them.
38	It's lack of personal pride, but that comes from its people. Also, the lack of personal integrity.
39	The authoritarian city government
40	Everything
41	People are very closed minded. I get called homophobic slurs regularly or get weird stares. it's unacceptable and frankly childish

50	The crime is getting worse
51	Lack of retail and lack of diversity
52	There is not much to do here.
53	Wants to be big city
54	The streets and cops not taken care of the harassment from people
55	Nothing to do
56	I live on a block of 250k homes. Are street (Boxwood) has 4-5 inch cracks running through it. I've lived here 25 years and never seen work done in my road. The welcome to Haysville signs on Meridian and Seneca never get attention. They should look nice.
57	They seem to not let business in and don't seem to want to expand at all.
58	No support for local businesses.
59	No family restaurant except Mexican
60	Haysville is stagnant and there doesn't seem to be any desire to correct this issue. With all its potential I can't see why.
61	I wish there was more entertainment. (Bowling alley, skating rink, game room with a lot of pool tables)
62	People speeding down Turtle
63	Inability to support new business.
64	Just moved here.
65	Having to drive to Derby to get most of my shopping done there. Need a home improvement store that stays open longer
66	Lack of choices for restaurants.
67	Narrow streets
68	Kinda trashy
69	How the city is known for not allowing businesses to open up in the city.
70	Not much here
71	A good all-American food restaurant won't stay.
72	We need another market.
73	It's a small town with gossip and unwilling to change.
74	Need to fill empty buildings.
75	No bar in town.
76	Crime beginning to creep in more and more, and no downtown focal area
77	Roads construction,
78	Need more restaurants
79	The code enforcement. I was warned about parking on my grass for a day while moving but neighbors can have junky front yards. My yard is well kept and my house is nice.
80	Lately are electricity keeps going out
81	Trashy people, home properties not taken care of, water wasted by the HAC's irrigation system, light pollution along the bike paths and at the parks, and there is no real community, but maybe that is the norm now wherever you go.
82	Not enough eating and shopping- have to go to wichita
83	Class sizes

84	Locals don't support the businesses enough to keep them here. There seems to be an awful lot of theft here, and the police either don't have the desire, or the capacity to do anything to deter it.

98	Too many people don't adhere to regulations (i.e. fireworks, loud music, don't mow their yards on a regular basis, no respect for their neighbors with regards to their animals running loose-especially cats.
99	Too many empty buildings. Let's make use of them.
100	The east side and lack of growth compared to other smaller suburbs around Wichita
101	It's far away from grocery stores, cash savers, doesn't save you any cash at all, it's pricey more than regular Walmart, Aldi and Dillons, and it's very outdated. I don't like that there's only McDonald's open late and have to go somewhere else like south Broadway for any other late night food joint. I get people like the "small town feel" but still have to drive far away to derby or Wichita for grocery and every other store for everything, derby and their high taxes, that tax money could go for building and maintaining Haysville. At least one good store, cash savers isn't it. Really don't like traveling out of town for everything else that Dollar general doesn't have. Also why is dollar general always so under staffed, not stocked, and unkept? The whole town goes there, and the whole town has to wait in line on the one register opened. Please a nice modern grocery store and a store that's bigger and better maintained and stocked with more variety of resources like a small Walmart store, other than dollar general.
102	Schools. The last self-revue was 2 pages. The first gushed over all the social programs. The 2nd showed academic ratings below the state of KS in EVERY category (except for rounding) which is 25/50 states. Only compared to a failing system and only compared to one year so trend couldn't be identified. The school system is pitiful. Our most important asset and the city has no input. They don't own the buildings, the land or contribute to the budget. Sad.

103	When we first moved here the police were harassing us. We had out of state license plates and temp tags and we felt like we were being targeted. However now that we have our KS license plate we feel they are leaving us alone. I feel they don't take lightly to those not from around the area. That is the only complaint I have about the city.

My sister feels trapped working there as the City doesn't really have any other options. The HR lady is evil and my sister says that any time she even brings up the fact that she is a mean hearted person they just tell her she is going to retire soon and to basically deal with it. Shame on you for this Haysville!

1	Thank you for allowing the citizens to have input
2	Please cleanup the easement between 4th and Leonard streets more often. Of the 4 home owners that can get to the easement to take care of it, we are the only residents that do so.
3	Would like to see more events scheduled.
4	City employees need good quality health coverage.
5	I have lived here over 60 years. It was great for raising my kids, and it is great for having grandkids around.
6	A good place to live and raise children
7	<p>I know that is controversial but I do believe we need a lot more cameras for police surveillance. I know that's controversial but I also think it's a major safety issue. I also think that we could use better investigative policing here in Haysville. We do a good job at this point but if our town grows anymore we could quickly outgrow our ability to monitor things like drug activity and Theft</p> <p>All of that aside. I cannot find decent office space to rent in this whole town. I've tried all over for 3 years. It's too expensive for single office rental and there's no office sharing space available. I would have started a business here a couple of years ago if I could find a decent office to rent.</p>
8	I appreciate there being a survey to try and make things better in our community! I hope to see some more activities like I listed for family 😊
9	Please, for the love of God, have someone proof read these surveys, this one is riddled with mistakes, this question is one of them.

17	Broadway north of sonic is a huge eyesore. Tells people traveling that our town is trash and with that it will attract trashy people and drugs. The image is horrible. Can we just reroute 81 plz
18	The principal at the alternative school should be a guest speaker at each Middle school and Campus. His forward thinking has saves many a life once they get to him.
19	On the yes/no questions: don't ask for star ratings if the answer was it"no". It forced a rating when there should not have been.

20	This town thinks it knows better what to do with your property than you do and has no regard for the constitution
21	Nope
22	Overall I love our town but we definitely could do a better job keeping it presentable in some areas.
23	Yes I do! I live right across from the park on Mabel Street and 63rd. The no parking fire line needs to be repainted. And there needs to be more no parking signs. The people that go and have gatherings and a lot of the parents for games at the park, will park there. If there is a fire, it would block access. And that is not fair to all homes on this street. Don't want to be the one calling the police all the time to have people move their cars because they don't care if they park their cars in the fire lane. I am not the only one having an issue with this.
24	Like main to be done soon

36	Due to the amount of sex offenders in Haysville I think that it should be enforced that children not walk along the streets wearing their bathing suits. This is a safety issue.
37	I see that Haysville should be a model town and ahead of the curve on energy and water conservation. I see a lot of water waste from the city; watering grassy areas and the amount of water that runs into the storm sewer. why not have drought resistant landscaping?
38	let it grow a bit- Derby is growing and great! We are not doing anything! The empty buildings all around town are horrible and don't make any since! lower the rent so people will come. It makes us look like a dumpy town.
39	I enjoy the senior center very much.
40	No

48	Our town has so much potential!
49	Love Haysville and all of its community events and schools, wouldn't live any where else! :)
50	Nobody today builds a road without sidings. A siding on the roads to Clearwater would be a great 20 mile round-trip recreational provision for area bikers to safely train for biking across Kansas. There is parking on both ends and refreshments. I have no doubt that Federal \$\$ are available for that type of road improvement the next time the road needs updating. Of course some of the bridges are choke point.
51	No

61	Office employees at Haysville Public Works need an updated city map so residents aren't told that they live outside of the city when they actually do live inside the city limits.
62	Haysville is a great city, but over the past 18 months it is not as friendly as it used to be.
63	No
64	extend the park lighting system down west grand to meridian so it right.
65	Would love to see more city events in the summer. The Hometown Market is not very great anymore - they should only allow local Grown producers but instead places like Cox Farms bring in things from Mexico and other states.
66	Haysville a nice town but seems to be stuck in the 70s. With empty buildings center of town area for years, no new businesses or city improvements for quite awhile.

81	No
82	We've lived here for 29 years and have no regrets to moving here.
83	I am very disappointed in Haysville, I tried several times over the years to create events out even start brick and mortar businesses there and it was more trouble than it was worth. I'll never understand why y'all declined me starting a bicycle rally/event just because the YMCA was involved. It's not like city of haysville was going to fund it, plan it, run it, or anything besides permit and profit
84	Nah
85	With WSU, both High Schools and businesses, a Starbucks would do amazingly I believe.
86	I would like to see a community committee establish that is made up of a diverse age, gender, and sex to look at how we could improve growth in our city that includes jobs, entertainment, businesses. Having community support for disadvantaged group such as people with physical and mental disorders.
87	No
88	Derby has everything we have very little.
89	I love Haysville!
90	No
91	No
92	nope!!
93	I think the city needs to have enough businesses to provide for most of the residents everyday needs before adding more senior living. Most seniors do not want to be driving 30 minutes to buy daily supplies, go to the doctor and other needs.

94	Love the town moved here 9yrs ago and no plans to move...ever we love it.
95	N/A
96	Losing trust in the education system. Not nearly impressed with the school system as a whole for the last several years.
97	No
98	I don't like the fact Haysville is a sanctuary city. I have good Hispanic friends who are legal. When we harbor illegals it is no surprise we see things like folks too lazy to put carts back in parking lot stalks. We have invite a low class all for me culture, a grab what u can get person vs productive citizens.
99	None
100	Be an economical model for success rather than a tax burden on the citizens. The city gives the impression that it is ran by a select few and decisions are made in isolation for their best rather than the best of the majority.
101	I love the farmers market.
102	If they have incentives they need to be advertised more.
103	I really believe we should be able to have a Walmart here in haysville as there are many elderly and low income that can't afford paying to get to a Walmart which only allows them to shop at either cash savers or general dollar .. being able to have a bigger store with different departments in it would make things easier for people instead of making other neighbor cities profit instead of haysville
104	Fix the water quality for the city, that they think is gold. There is no reason the rates we pay for crummy water or hard water.

112	Nope
113	I live just outside city limits but I am always in town visiting family. I have always loved the festivals and wish I lived in the school district.
114	I do not feel that we need any more banks or churches. I go to church and I use one of our local banks but let's really look at opportunities for our community.
115	No
116	Nope. I love Haysville!!!

117	We need someone to really dig deep to get businesses here & our city council needs to come up with some incentives to draw them in. When you read in the Wichita Business Journal about companies looking to expand, do you contact them immediately & encourage them to visit Haysville? Do you routinely send out a list of incentives for relocating here to various large industries throughout the Midwest? Do you think outside the box (i.e. dollar stores) & consider drawing in wineries, breweries, farm to table restaurants, etc that are more upscale- touting our easy access by turnpike, as well as our close-to-the-city-but-still-rural vibe? We lack cafes, coffee shops, and bakeries-all things our neighbor, Derby, has been adding in the last 5 years. Good schools are a great draw-but we can't depend on the school district as our major employer/greatest community amenity forever.
118	No
119	Leadership needs to listen to their employees. There is a lot of talent and a lot of great ideas lower down the ladder.
